\$1,000 Huron Soil and Water Memorial Scholarship 2022 Winner

Ethan Nolan of Wakeman, son of Sean and Jennifer Nolan, is the 2022 Memorial Scholarship winner. He will be attending Oklahoma State University beginning in the 2022-2023 school year majoring in Animal Science, while working toward a Bachelor's Degree.

Ethan's interest in agriculture sparked at an early age on the family farm when he purchased his own steers and heifers around the age of 10 and began shadowing at different farms and a large animal veterinarian. He continued educating himself through various workshops throughout Ohio and participating in various 4-H and FFA projects and leadership roles. He gained an interest in nutritional, as well as, genetic aspects in beef, poultry, lams, goat and swine through his projects.

While growing up on the family farm with cropping and animal chores, Ethan became inquisitive of best farming practices like no till and nutrient management.

At St. Paul, Ethan served on Student Council where he was an officer in his Sophomore year, and he participated all four years on the track and football teams. He was voted Track Captain in his senior year.
